

tennsco Bulk Storage Racks: Uprights

Here's the most economical way to store bulky items. Tennsco's *Bulk Storage Shelving* allows clear and convenient access from the front or rear. It is designed to handle capacities of 10,000 lbs. per upright set. To configure your own storage system that fits your special needs, select an upright frame from below depending on your available height, then select components.

Please Note

Look for the red dot!

17,000 lbs. capacity based on maximum vertical distance of 24" between any two beams on floor.

National Motor Freight classification: Class 70

tennsco Bulk Storage Racks: Components

Combine the deck levels and decking below with Bulk Storage Upright Frames (page 35) to create an economical method for storing bulky items. Deck levels include beams and supports to create one level of shelving which will accommodate any of our three decking options. Choices of decking include corrugated steel, wire mesh* or particleboard. Particleboard decking can be purchased from Tennsco or obtained locally.

Please Note

Standard Colors: Light Grey, Medium Grey, Sand

QuickShip Color: Medium Grey
